Adaptations for Ages 3-5

- Practice counting to three. See if each child can find three of an item in their home to show and share with the group.
- For the “Follow Me” activity, have the children just do the motions instead of saying the words aloud.
- Use the “Hearing the Story” activity as written.
- Do the “Count to Three” activity. It’s OK if there is a lot of feedback on the video call; just embrace it. Or you can ask each child one question to answer after the whole group counts with you to three.
- Use the wondering questions from the “Coloring Page” section. If possible, send GN 2 to parents or caregivers ahead of time and have them print it.
- Close with the blessing found at the end of the session.

Adaptations for Ages 5-10

- Open with the “Praying” section.
- Use the “Preparing to Hear the Story” section as written.
- For the “Hearing the Story” section, skip the part about eating bread and use the story prompts as indicated in the session.
- Use the “Reflecting on God’s Grace” section as written.
- For the “Guess that Drawing” game in the “Celebrating God’s Grace” section, ask the children to choose something from today’s story to draw and make everyone guess what it is. Avoid sending a private chat message to a child without a parent or caregiver being present to read the message you send the child.
- Close by using the blessing found at the end of the session.
