Feeding the hungry, caring for the poor, working to make the world a better place for everyone — we know these are essential parts of living out our faith. But when we're in the thick of raising kids, it's hard to get the people at our own table fed, much less the people going hungry across town. Author Mihee Kim-Kort is a pastor and busy mom of three who understands the challenge of wanting to serve people in need and advocate for justice — and teach her kids to do the same — when a million other things are vying for her attention. Chapters include topics on poverty, racism, gender inequality, climate change, peacemaking, and more, and provide practical ideas to empower all ages to be the hands and feet of Jesus in the world..

Being Presbyterian in a Dysvangelical America

A Guide to Reclaiming the Good News of God's Grace

Ted V. Foote Jr. & P. Alex Thornburg

ISBN: 9780664269272

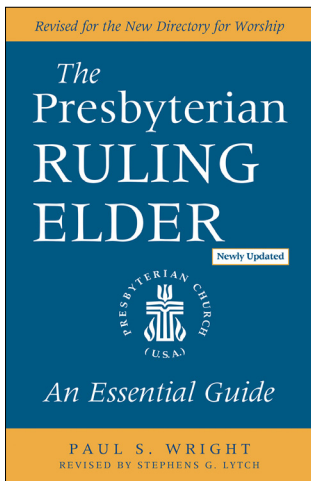

~~\$18.00~~ **\$11.70** You save 35% every day at PC(USA) Store!

Dysvangelical names a theology that is distorted, dysfunctional, and dystopian, twisting the good news of God's grace into a message of fear, partisanship, and exclusion. *Being Presbyterian in a Dysvangelical America* speaks directly to Presbyterians who are disillusioned by how Christianity is being misused in American culture. To help readers counter this overwhelming narrative, Foote and Thornburg provide an accessible, faithful alternative rooted in the core Presbyterian convictions of grace, community, humility, and ongoing reform. Ideal for individual or group study, the book includes an eight-session study guide with focus Scriptures, questions for discussion, and prayers.

Days after the adoption of the 13th Amendment, Presbyterian pastor and abolitionist Henry Highland Garnet spoke to Congress. This book provides his address and a time line of his life.	This book highlights Rogers's convictions and their expression through his program, <i>Mister Rogers' Neighborhood</i> , which is a sharp political response to a civil and political society poised to kill.	This volume in the popular Armchair series presents a short and reader-friendly introduction to the tumultuous life and theology of the fiery reformer John Knox.	In this concise introduction to Calvin's life and thought, Christopher Elwood offers an insightful and accessible overview of Calvin's key teachings within his historical context.	This book provides a history of Presbyterians in American culture from the early eighteenth to the late twentieth century, assessing both the theological and cultural developments.	This book presents an overview of the ministry of women associated with Princeton Theological Seminary over the last two hundred years to inspire a holistic vision for theological education.
