

Electronic Edition Permissions Requirements

This list summarizes the necessary permissions for use of the web and projection editions during in-person and live-streamed worship. For the hymns listed below, churches need permission from the copyright holder or a license from CCLI or OneLicense to 1) insert material from the web edition in bulletins 2) project material from the projection edition or 3) stream material during virtual worship. To use the below hymns during virtual worship, please obtain a license or permission that specifically covers podcasting or streaming. Please note:

* Projecting from the web edition or print editions (during in-person or online worship) is never allowed.

* The copyright holders and, if applicable, their corresponding licensing agencies are listed below. Please be aware that, because rights holders can change their policies at any time, only CCLI or One License can provide full details about available licenses.

* This document pertains only to digital editions. For permissions guidance on print editions, visit the page linked below.
